## Profile

Hello, I'm Jaka, an aspiring programmer eager to embark on new challenges. Known for my kindness and positivity, I thrive on organization, punctuality, and precision, with a knack for problem-solving. Passionate about learning and embracing new experiences, I'm described by peers as independent, proactive, and a team player, ready to contribute to collaborative projects.

## Education

## Extracurricular activities

### BNB Hackaton Dorahacks

Feb 2024 – Mar 2024

Dorahacks

We created an application WeaveSwap that offers Decentralized exchange and Lending protocol to its users. I was responsible for architecting and creating the smart contracts for our product. Throughout this project, I gained valuable insights into the dynamics of effective teamwork and the importance of leveraging individual strengths to achieve a unified and efficient workflow.

Link to the build: <https://dorahacks.io/buidl/10313>

### AMCHAM SLOVENIA – FIRST MENTOR PROGRAM

2019 – 2020

Amcham Slovenia, Ljubljana

Mentored by Tina Zafred on the topic: switching between the education system and the career path.

### MOJEFINANCE – SUMMER FINANCIAL SCHOOL
